

SAVE THE DATE

Digitalization offers significant opportunities and benefits for the offshore energy industry to improve efficiency and reduce costs, enable development, enhance safety and reduce emissions. ERI-NL and the techNL Digital Oil and Gas Program will be hosting a digital offshore conference about industry trends, and insights on opportunities and challenges presented by the digital transformation of Newfoundland and Labrador's offshore.

To join the mailing list for upcoming news and information about this exciting two-day conference being held on Tuesday November 28 and Wednesday November 29, 2023 in St. John's, Newfoundland and Labrador, please click [here](#).

If you are interested in attending and looking for more information, please contact Dwayne Hopkins (dwayne@technl.ca) or Dave Finn (dave.finn@erinl.ca).

About techNL

techNL is a not-for-profit membership association that enables a thriving innovation-driven economy in Newfoundland and Labrador. techNL provides visibility, business growth services and a collective influential voice to the tech sector in Newfoundland and Labrador with a vision to make Newfoundland and Labrador the most sought-after Canadian tech ecosystem, globally recognized for its collaborative community, diversity and quality of life.

A key focus on business growth includes programs and services to support talent pipeline expansion, member connections, digital transformation and ecosystem development in Newfoundland and Labrador.
